UNSWORN DECLARATION MADE UNDER 28 U.S.C. § 1746

I, JOSE QUIÑONES, of legal age, foreman and employee of AWMR, and resident of Ponce, Puerto Rico, hereby declare under penalty of perjury under the laws of the United States of America that the following account is true and correct based on my personal knowledge of these facts:

1. I am a foreman and employee of AWMR.

2. On Saturday, September 29, 2007, I went with Arthur Mitchell to the CEMEX premises in order to retrieve certain personal belongings of AWMR personnel located in the locked trailer property of AWMR .

3. CEMEX personnel objected to our removal of said personal property, and forbade us from doing so.

4. CEMEX attorney Maribel González was contacted, who personally told me that "she did not care" that we had an Order from the Judge's allowing us entry into the site.

5. In spite of the fact that we were there pursuant to the Court's Order, which specifically allowed us full access to remove AWMR equipment and property AWMR, we were not allowed access, much less allowed to remove anything from the premises.

Executed under penalty of perjury this 2nd day of October, 2007 in San Juan, Puerto Rico.
